Q4

To reach our collective potential, we must work together to build up Ottawa. That requires a council in which each member commits to city wide leadership. What is your intended approach to collaboration with council, city staff and economic partners?

I believe in honest straightforward discussion is the key to collaboration. I am committed to listening to the views of others before taking a stance. I beleive we can disagree without being disagreeable. The goal of council is balance the needs of various stakeholders. Finding a good balance generally means no one is fully happy with the solution on any significant issue.

Q5

What key characteristics and skills do you possess that make you a great leader and ambassador for the city of Ottawa, and the national capital region?

I have chosen to live in Ottawa. I truly believe we are a great place to live, work and place. I am active on social media with significant followers outside Ottawa to highlight special events.

What are your top three priorities for Ottawa's future?
