Ward 7 - Bay

Q4

To reach our collective potential, we must work together to build up Ottawa. That requires a council in which each member commits to city wide leadership. What is your intended approach to collaboration with council, city staff and economic partners?

I believe that collaboration between government, business, labour and civil society is necessary for a strong economy and a healthy city. City wide leadership will mean working together to achieve that balance; enacting policies that support a thriving economy, fair wages and supports for pandemic recovery. I keep a regular communication with small businesses in Bay Ward and encourage constituents to shop local.

Q5

What key characteristics and skills do you possess that make you a great leader and ambassador for the city of Ottawa, and the national capital region?

I am a collaborator and consensus builder. I am able to work with people of varying backgrounds, approaches and sectors to achieve a common goal; a safe, thriving and liveable city for all residents of Ottawa.

Many contacts in all sectors and geographical areas of the city.

Great working relationships with other city councilors and counterparts at other levels of government.

Q6

What are your top three priorities for Ottawa's future?

Facilitate progressive environmental practices for government, business and citizens

Affordability in transit and housing

Collaborative partnerships to ensure a safe, livable city for all residents of Ottawa
